Dear Sir/Madam,

Sub: Clarification on Market Rumours under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and in reference to the clarification sought by the Exchange regarding certain rumours and claims circulating on social media platforms, including Telegram channels, the Company hereby provides the following clarification:

The Company has received an email from BSE seeking clarification on certain messages circulating on social media platforms, including Telegram, wherein the following claims have been made:

- The Company is launching a 500 MW data centre in Bangalore.
- The Company is collaborating with OpenAI.

The Company hereby clarifies that it has neither made any such announcement nor undertaken or approved any such project or collaboration. The aforesaid information being circulated is incorrect and not based on any official communication of the Company. Such information has not been issued, authorized, or endorsed by the Company.

The Company confirms that it remains fully compliant with the provisions of the SEBI LODR Regulations and other applicable laws. All material events and business developments having a bearing on the operations or performance of the Company are disclosed to the Stock Exchange(s) in a timely and transparent manner, in accordance with applicable regulatory requirements.

Reference may also be drawn to the announcements filed by the Company under Regulation 30, including the Investor Presentation intimation dated 4 February 2026, which correctly sets out the Company's current business operations and disclosures.

Investors and stakeholders are advised to rely only on the information disseminated through official filings made with the Stock Exchange(s) and on the Company's official website.

The Company is reviewing appropriate actions to address the circulation of misleading information and to safeguard the interests of investors.
